Dear Dr. Alverson,

A sincere and most appreciative note of thanks for my beautiful and healthy new smile! You and Cathy and your entire staff took such good care of me. I cannot say enough about you all! It is the very first time in my life I have been comfortable and without fear in the dentist chair. So much so, I had to do the same for my brother, Philip, who is thrilled beyond words, as well.

Thank you for your competence, professionalism and your time. You have made the start of 2002 the most positive ever.

Most sincerely,

  
Jacquelyn Dorrance
